

JEWISH EVANGELISM ...

Explore Messiah ...?

The Journey of a Lifetime and Eternity

FOR THE 21ST CENTURY

The Rationale for Explore Messiah...?

Most evangelism/mission outreaches to the Jewish people focus on either the fulfillment of Messianic prophecies and/or Biblical truth of the Messiahship of Jesus. Both are necessary and true endeavors; however, this one-dimensional approach only tackles a portion of the Jewish objections to Jesus and does not consider the holistic scope of the issue which is Biblical, sociological, emotional, etc.

Within each issue that Explore Messiah...? will tackle, there will be three questions that need to be answered. For each question, Tzedakah Ministries will seek to examine the core issue behind the question from both a modern and historical Jewish perspective as well as remaining relevant to the social-media/consumer driven audience we have today.

This Explore Messiah...? tool will seek to be BOTH free standing for Jewish seekers that discover it through various social media venues AS WELL AS BE utilized by Christians and/or churches as a resource guide in their work of Jewish evangelism. Ideally, this tool would also like to facilitate the development of Tzedakah Ministries' long-desired concept of the "Jewish Evangelism Network that would direct Jewish seekers to doctrinally-sound Christians/churches/congregations for discipleship after a decision is made for Messiah Jesus.
