They Need Jesus ... 2021

Three words ... **"They Need Jesus."** We would all agree that these words are all true. Of course, **"They need Jesus."** They have needed Jesus since AD/CE 30 when Jesus was the Passover Lamb for the sins of the world and their sins - first and foremost. Of course, **"They need Jesus"** is something that Christians and churches affirm but is it something that most of us do anything about anymore? Sadly, the answer is mostly no if we are honest and this must stop.

Tzedakah Ministries has determined to make these three words, **"They Need Jesus,"** not simply an adage or a cliché but a project and an endeavor for all of us to focus on in 2021 and beyond. We as a ministry are going to begin in January to remind us all that the Jewish people need Jesus with just one simple word ... NOW. And I think we can all agree (or I hope so!) that the Jewish people have waited long enough to hear the Gospel message. (continued on page 2)

...They Need Jesus (continued from page 1)

So how will we do it? Tzedakah Ministries will have our Romans 1:16 Sunday School Lesson materials available on the ministry website soon for churches and small groups. We also want to develop virtual prayer walks for individuals to pray for the Jewish people of certain sections of New York City. We are still going out in ministry even in a COVID world whether it is in person or on social media. We will never stop to find ways to equip Christians and churches to do the work of Jewish evangelism and we will always do it NOW! Shalom.

The Error of the Menorah Method...

The ministry's apologetic blog which can be found at www.mysterysolvedwithmessiahjesus.wordpress.com has begun to explore and investigate what Tzedakah Ministries is calling "The Menorah Method." It is a growing movement within the Messianic world to encourage people to include Jewish mysticism (including the Zohar and Kabbalah) and Christian Gnosticism in their lives as a believer. This is a dangerous movement that we will continue to research, investigate, and soon name those who are involved in it. Please pray for Tzedakah Ministries as we seek God's direction and wisdom in the next steps.

Lesson from 2020 ... the Power of Quiet Miracles

I was able to observe a small and quiet miracle this year even at one of the most difficult moments of my life. I wrote of this moment for a course I am writing for Colorado Christian University and I wanted to share it with you for God does work in the quiet moments as well...

[Mama's] last week, however, was a miracle in so many quiet ways. We were able to bring her home for hospice care. We were able to have those last days to take care of her and watch her as she watched Heaven unfold before her eyes. She smiled at sights we could not see but yet she prepared us for her parting. She took the time to love us and hug us and tell us goodbye in her own special way. I was able to lay beside her and hold her hand for hours the day before she died and just absorb the miracle of being her daughter. And, yes, that was a miracle as well. Her last breaths as I held her hand and told her it was time to go home was also a miracle as she simply slipped away from living pink to Heavenly white. She was here and then she was home. All of those moments were miracles if we recognize what God allows us to behold when a saint beholds his face at last.
